If you are interested in a round wood distributorship, please give us a call!

North Idaho Post and Pole
a BVC company

A BOURBON VALLEY CO

Using our log lathe we can produce symmetrical house logs for log replacement, entry's, accents and open log beams.

NOW OPEN

The BVC Store

Open to the Public

We are now stocking:

- Field Fence 48" x 330'
- 2x4 no Climb Fence 48" & 60"x100' and 330'
- Tenax Deer Fence 7 ½' 100' and 330'
- Game Fence 8'x100'
- Fencing and Garden supplies and tools

We have access to just about anything.
With a one week turn around time!!

Architects and Contractors; At NIPP we are able to provide house logs up to 24" x 30' house logs. Our logs are symmetrical due to our manufacturing (lathe) process. This is beneficial to both the Architect and the Builder as the size is uniform. We also offer **dowelled log handrail** for those Rustic interior and exterior applications.

Fence Builders; Our dowelled Post and Rail system is easy to work with and looks great! We also manufacture blunt posts in many sizes.

Custom Fabrication Shop: We are able to hand peel material as well as rip material in half, saddle notches, dadoeing, hand sanding, dowelling, and drilling holes. Let us know if we can help with your custom work.
